CineVan™

£3000

(excl. camera system & VAT)

We have created a film making package that includes an extensive kit list, at an all in one price. Included in the kit are two skilled technicians to help with your filming production and a VW Transporter location vehicle. Both of the technicians are there to help with the assembling of kit and ensuring you have technical support.

Below is a full list of the equipment included, in the stated 10 hour day rates packages. Please feel free to contact us with any inquiries.
